The proper starting time (auspicious Muhurta) for the Maharishi Yagya performance will help to bring maximum results. Selection of a proper Muhurta according to your birth chart (Kundali) will be decided by the Jyotishi with reference to the Yagya that is to be done. If you like, you can propose an approximate time period that is convenient, but it will be good to leave to the Jyotishi the final decision for the most auspicious time. You will be informed of the proper starting date of the Yagya in advance. If possible, please send in your Yagya request so that we receive it at least 2 to 3 weeks in advance.
